HA THI NGOC TUYEN

Front End Developer (ReactJS & NextJS)

0708300743

▼ samyha71@gmail.com

Au Duong Lan, Ward 3, District 8

SUMMARY

For the past **4 years**, I've worked as a frontend engineer on both product and outsourcing projects. My specialized skills are in building intuitive user interfaces and creating responsive web applications using React.js, Next.js. I have a solid understanding of frontend technologies and many frameworks, which enables me to develop visually appealing and user-friendly web experiences.

SKILLS

Programming Languages: Javascript, Typescript.

Frameworks: Reactjs, Nextjs, JQuery, Ant Design, Material UI, Tailwind CSS, UIKit, Axios, others.

Source Version Control: Git, Gitlab, Github.

English for Work!

- For Reading: I can comfortably read and interpret documentation, project specifications, and work totally in English.
- For Speaking: I am capable of basic communication and am always striving to improve everyday.

I would really like the opportunity to work at your organization, where I would be able to practice my ability to speak English.

COMPANY

MediaStep Software
